INVITATION

MESSAGE FROM ORGANISING DESK...

Dear friends,

Designed for OGcians and other allied healthcare professionals who face challenges in the care of the high-risk pregnant patient, our 2nd Annual Conference on High Risk Obstetrics (NOESIS 2.0) takes place over the course of two days. Covering an array of topics including Labour protocols, sepsis, fetal growth restriction, Labour analgesia, and haemorrhage, our expert faculty will discuss the latest evidence-based advancements in obstetric care, present emerging clinical data, and provide skills and strategies for application and implementation into your practice. This educational activity aims to increase both the competence and performance of all attendees as well as contribute to your ability to work together as part of a coordinated healthcare team. Noesis I was a big hit, which was one of the first event in our speciality conducted as virtual animated event. This time the conference is endorsed by the Practical Obstetrics Committee of FOGSI.

An outstanding faculty has been assembled for this conference. Each faculty member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

The conference format includes didactic lectures, question and answer sessions, and case studies. Following a group of lectures, the question and answer sessions allow attendees to ask the faculty critical and challenging questions about caring for patients during various high risk obstetrical situations.

As we all now, the recurring waves of COVID pandemic has pushed us to the virtual interactions and more. If everything goes well and the situation is going to be under control, we will have this conference as a Hybrid one and it will be an exclusive virtual event, if the pandemic situation do not permit the physical component of it. We would like this meeting to be useful to a majority of practitioners, irrespective of the format.

Request all of you to register for the event in large numbers. We will be adding more and more surprise components to this conference schedule in the coming days.

Dr. Mitra Saxena

*Chairperson, Practical
Obstetrics Committee, FOGSI*

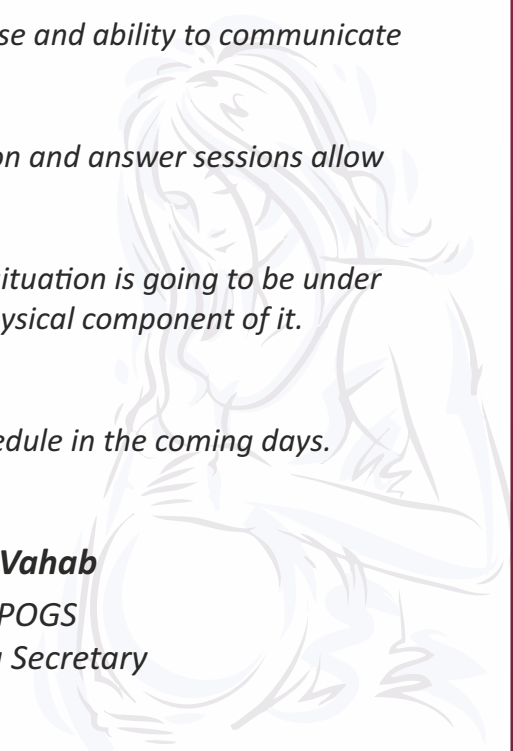

Dr. K. U. Kunjimoideen

*President, POGS
Organizing Chairman*

Dr. Abdul Vahab

| 5.45pm | Prize Distribution | | | |

NOESIS 2.0 E-Poster Instructions

Introduction

Electronic poster (e-Poster) are quite similar to traditional poster presentations, but are displayed on a large dedicated areas of Virtual Conference Platform. Please use the below tips as general guidelines when creating and formatting your e-Poster presentation. The posters will be evaluated by an expert panel of judges as well as voted by the conference delegates.

Programs / Formats

Microsoft PPT - One Slide in PDF

Theme & Language

Theme- Practical Obstetrics only; All e-posters should be created in English. Layout: Portrait

All e-Posters should be made in Microsoft Powerpoint converted into PDF and then uploaded Layout: Portrait only

Size of Poster: One page maximum
Pictures, graphs and tables: Can be included

When preparing your poster

Try to reduce the number of files as much as possible to avoid errors in sequence etc. If possible try to put your poster together before sending. Please rename your files carefully starting with your title of presentation and then first author name, but do not take away the program extension (last 3 letters .doc, .ppt).

There is no need to send any abstracts. When photos or large/HQ- pictures are embedded, try to reduce the size (in bytes) of these images as much as possible, before you put your poster together. Mostly saving them as JPG-files will do, however when that's not enough try to reduce the colours, the resolution or even the actual size of these files.

Prizes

First - Rs. 10,000/-

Second – Rs. 7500/-

Third – Rs. 5000/-

JUDGEMENT

- **By An expert panel of Judges - 60%**
- **Rating by Delegates: 40% marks – The delegates who attend the conference can visit the eposter section and vote for their choice of EPosters displayed. Each attendee can select three options i.e 1st, 2nd and 3rd. i.e each attendee will have the right to do 3 votes. The poster which gets maximum number of votes in each category will be considered during final calculations.**
- **The joint decisions of Judges panel will be final.**

Thank you in advance for your kind cooperation.

**SUBMIT YOUR
E- POSTER**
